

Pittsburgh Congressman to Uphold Demos in Town Hall Debate on Thursday Night

Congressman Herman P. Eberhart, of Pittsburgh, will replace Mrs. Ruth Grigg Horting, former State representative from Lancaster county, as the Democratic representative in the Town Hall debate on Thursday night, George D. Robins, program chairman, announced yesterday.

He will oppose State Senator George H. Watkins, Schuylkill county, vice chairman of the Republican State committee.

Robins said a political rally in Lancaster prevented Mrs. Horting from taking part in the debate. Congressman Eberhart was appointed to take her place by the Democratic State committee.

HERMAN P. EBERHART

Eberhart and Watkins will debate the campaign issues at the Town Hall meeting. The meeting is of particular importance, since it immediately precedes the national elections on Nov. 2. It will be held in the Pottstown Senior High School auditorium.

Season tickets to Town Hall meetings are on sale at The Mercury office. They are priced at \$3.25 for adults and \$2 for students, tax included.

Programs scheduled for the year include John W. Vandercreek, noted commentator, and Commander Finn Ronne, Antarctic explorer. Walter Reuther, president of the United Automobile Workers union, Lee Pressman, a Henry Wallace advisor, and Dean Russell, outstanding

DEATHS and FUNERALS

MRS. MARY (NEIFFER) MAY-BERRY, 72, of 824 NORTH EVANS STREET, died yesterday afternoon at 2 o'clock in the Pottstown hospital of a heart condition.

Stricken six weeks ago, she had been in the hospital for four weeks. Born in Neiffer, two miles north of Limerick on Neiffer road, she grew up and was educated there. The small village is named after the Neiffer family.

When she was 20, she went to Obelisk and married Francis Mayberry. The couple settled there for ten years while Mr. Mayberry operated a general store. Moving to Lederach, they managed another store there for seven years after which they moved back to Obelisk where, for the next 30 years, Mr. Mayberry operated a truck farm.

Four years ago the couple moved into their house on Evans street. A housewife all her life, Mrs. Mayberry was an expert and prolific quilter and crocheter.

She was a member of Keelor's Reformed church, Obelisk, in the cemetery of which she will be buried.

Surviving, besides her husband,

are a son, Couts, of Eagleville; two daughters, Edith, at home, and Mrs. Regina Alderfer, of Zieglerville; five grandchildren and three great-grandchildren; five brothers, Perry Neiffer, Fruitville; Samuel Neiffer, Kenilworth; Frank Neiffer, Ringing Hill; Augustus Neiffer, 725 Lincoln avenue, and Harrison Neiffer, 732 Lincoln avenue, and two sisters, Mrs. Katie Krause, Ardmore, and Mrs. Cleveland Rowland, 1005 Queen street.

Funeral arrangements from a mortuary at 404 High street have not yet been completed.

ELLEN H. (HERBEIN) HIGH, 76, wife of Wilson D. High for the past 55 years, died early yesterday morning at her home, 612 NORTH EVANS STREET. She had been in failing health for several years.

Mrs. High was born in Oley township. After her marriage, she and her husband lived in Amity township, moving to Pottstown in 1918.

She was a housewife throughout her married life and was a member of Trinity Reformed church.

Surviving are her husband and six children: Elsie, wife of Eli Ludwig, of 39 Chestnut street; Harvey,

GIVE GENEROUSLY TO COMMUNITY CHEST!

Biggest bargain in town today!

QUOTA \$97,307

The biggest bargain in town today is the happiness, health and future of our youngsters that your pledge to our Community Chest buys!

Fourteen years old. And smart. And full of the dickens. And ready to go anywhere.

And THAT'S just the trouble! Because "anywhere" might mean on with the school. On to a good job.

And on to a place as a good citizen.

OR it might mean ON INTO TROUBLE

What's it worth to bring loving care to children when homes are broken?

What's it worth to strike a blow at juvenile delinquency?

What's it worth to have Scouting, the Y's, the recreation services that help every boy and girl get a square chance to grow up sound and sturdy?

What's it worth to help keep families together so that

kids can have the solid security of a happy home life in these days when there's one divorce for every four marriages?

Show what you think it's worth when the Community Chest volunteer calls!

Remember—one pledge covers many Red Feather services. Because we have a well-managed Community Chest uniting many appeals, you are called on only once a year for all of them. So when you give, GIVE ENOUGH... enough for ALL Red Feather services... enough for a FULL year.

Everybody benefits... Everybody gives

SAURDAY, OCTOBER 23, 1938

Mission Sunday

TOMORROW, Masson Sunday will be observed in Catholic churches throughout the world.

Each year on this day, the faithful of the Catholic Church gathers to support in prayer and alms the missionary priests, sisters and brothers in the home missions of the United States and foreign missions in the Near East and the Far East.

It is a day on which the Catholic Church proclaims the dignity of man. It proclaims that all men, civilized or not, stand equal before God; that all have an equal dignity and a divinely appointed destiny to be ranged under the Cross of Jesus Christ.

The mission of the Catholic Church is to show this standard to all men. To defend and teach those truths which give men their only true meaning for existence. To offer men the supernatural grace to enable them to live according to the destiny ordained for them by God.

To carry on this work begun by Jesus Christ, the Catholic Church reminds the faithful that it is their obligation to support the missionaries in whose care is entrusted the divine commission, "To go forth, and teach all nations."

Last year, the nations of the world maintained 19,000,000 men under arms at a cost of 27 billion dollars. In the same time, the Catholic Church had 287,100 men and women as missionaries in 560 separate fields throughout the world, fighting not for imperial conquest, but to bring peace and salvation to all.

The maintenance of this foreign army, at a cost of \$1 per day, would amount to \$104,691,500 — a mere pittance compared to the 27 billion dollars for military purposes.

Actually, this army of Christ does not have a daily wage of \$1. Instead of the saying of Napoleon Bonaparte that "an army marches on its stomach," it has been said of the army of Christ that "it marches on the grace of God."

More than ever, this work needs and must have the support of the Catholic laity, not only in Pottstown, but elsewhere throughout the country.

Pass the Apple Sirup

A NEW HAMPSHIREMAN'S concoction of a new sirup to pour on pancakes and waffles is hereby welcomed with open pitchers. Apple sirup is such a sound and constructive idea it's a wonder the subject hadn't been brought up before.

No useful purpose will be served by comparing with sirups already in use. It doesn't matter whether it is better or best, as long as it's good. There are so many mornings for eating so many pleasant confections on pancakes that by far the best course is to eat them all.

Of course there are mornings that appear particularly well suited to some one kind of topping for cakes. On a spring morning when the air is slightly effervescent, there is a special quality to thin, richly-flavored maple sirup. On a cold Winter morning, when every closing of a window or door feels cozy, it is hard to bear the thick, sticky peasant taste of sorghum. For, a warmish Summer morning, there is something germane in kumquat preserves, pungent and chewy.

As to what kind of morning will bring out the best qualities in apple sirup, that will take experimentation to tell. A very good rule however, is that the best time for trying anything new that sounds so tempting is right away, and we move for its adoption.

Prices Find Level

AUTHORITY on the marketing of meat recently observed that "meat and livestock prices move together—what meat packers pay for livestock matching what consumers pay for meat."

In other words, meat is governed by the law of supply and demand.

There are more than 4000 meat packers in this country. They are competing for the available supply of livestock at all times—each must get a share of it if he is to keep his plant in operation.

We hear much of the enormous total income of the farmers and ranchers who produce our livestock. But today the cost of labor, feed and everything else the farmer must buy to keep in business is also at record levels. It takes around two years to grow cattle to weights suitable for marketing, and about a year in the case of hogs. So the investment the producer has in his livestock is heavy of the time he can sell it, and this must be included in wholesale and retail prices.

It cannot be repeated too often that in a competitive, free enterprise economy prices find their own level. This is true of a steer or a pair of calves or a house and lot. Prices are an accurate reflection of the economic forces of the day.

'Pros' and 'Cons' on New Limerick School Issue

Slurs Don't Help Cause

To the Editor: If there ever was some one who broke the camel's back, Mrs. W. H. of Limerick, you surely did. You certainly made up the minds of the Linfield people as to which way to vote.

Sure we need a new school and I'm all for it, but you certainly won't get it by casting slurs.

If you recall, at one of your meetings you had a splendid speaker who told you that he, himself, received his education in a one-room school. We didn't make any fuss about his statement.

Isn't it just about a year since the Limerick people called a meeting to close the school because it was unsafe? Now you want the people to vote to keep the Seventh and Eighth grades there. Don't you know what you want?

Also at that meeting was one Limerick citizen who was going to padlock the door. What happened? Didn't he have the price of a lock? I'll get him one if he puts it on.

At your last meeting, a few people from Linfield who were there were told to keep quiet. The Linfield meeting was open to everyone and no one was stopped from talking. I'm glad some of our "old fogies" explained some of the true facts to us and were not sitting there laughing and sneering out loud while people were talking, like some of your highly-educated Limerick people were doing.

We have been proud of our firehouse, bar, card tables, and all. The only reason Limerick doesn't have one is because you are always fighting among yourselves and again, don't know what you want. By having the bar, we have a beautiful building and we don't have to push our engine to a fire. We also have not one, but two private telephone lines, where Limerick can't afford even one.

If there is some way we can help you put Limerick on the map, just whistle and we will come running.

Linfield LINFIELD HILL-BILLY

School Director's Views

To the Editor: I differ greatly with the opinion expressed by Mrs. W. H. ('School Protests Not Surprising,' Readers Say, Oct. 21).

I have been a citizen of Linfield all my life with the exception of about two and a half years in Pottstown. I am proud to be a citizen of Limerick township and of Linfield, in particular.

In addition to several barnrooms and the fire hall you mentioned, we have two churches, several industries and the best school building in Limerick township.

As a Limerick township school director living in Linfield, I wouldn't like to have my fellow citizens called a generation behind the times or a bunch of old fogies. I believe there are many progressive persons in Linfield.

FLOWERS FOR THE LIVING

For MISS STELLA PIECHOTA
Pottstown RD 4

BECAUSE she will become the bride of Mr. Frank Sierzega, Pottstown RD 4, today.

The name and complete address of the author must accompany every contribution but on request will not be published. Letters not exceeding 250 words will receive preference.

I believe any person has a right to be opposed to or in favor of the proposed bond issue Limerick township school directors have asked township citizens to support on Nov. 2.

I believe we should decide this issue on the basis of the educational advantages it will ultimately provide for our children and grandchildren. I am very much in favor of a progressive township and school system in particular.

I am not ashamed of the position I have taken favoring the bond issue. As a board member, I feel we have been truthful and as far as possible to the citizens of our township.

It would be legally possible to borrow 2 percent of our assessed valuation without the consent of the voters and make some modern improvements in our present buildings. But I feel that it would be foolish to spend the taxpayers' money for this when we wouldn't be getting any more classroom accommodations which we very definitely need, especially for First and Second grades at the Linfield school.

I feel the wisest and best investment would be in the new unit we presented to the people.

Linfield FRANK RUMLER

Raps Brownback 'Crowd'

To the Editor: Mrs. W. H. of Limerick, ('School Protests Not Surprising,' Readers Say, Oct. 21) please do not refer to Linfield as a whistle stop. After living in Limerick for over 15 years and then moving to Linfield, I do not know where you get the nerve.

It just so happens that Linfield houses the only industries in the township, namely, the cannery, knitting mill, lumber mill, foundry, cold storage house and a "modern" firehouse.

As for barnrooms, whenever I go down for a glass of beer, I have to push through three rows of Limerick citizens.

I have to agree with you, however, on Mr. Brownback's case and a few others. He said he learned in a one-room school and then continued his education. He forgot, or rather wanted to forget, that in normal times many children never have the chance to get past the eight grades, which means that their education is crowded into eight years—and at the present I do mean crowded.

You refer to Mr. Brownback and his crowd. Well, his crowd is only a very small minority of Linfield, so do not judge us all by his actions.

If we would all think of our school directors as educational "racketeers," as Mr. George Anderson thinks, it would be a pretty sad case.

There were men who spoke at the meeting who did not have one good word for the program. These men, I would say, are thinking of nothing but the greenbacks. I would say, too, the ones who were after information on the subject—and the subject was open for discussion unless, of course, they were talking 100 percent for the program.

Linfield PHILIP PLOTTS

Not All at Linfield Opposed

To the Editor: Although primarily I am in accord with Mrs. W. H. ('School Protests Not Surprising,' Readers Say, Oct. 21) on the "new school building in Limerick issue," I disagree with the attitude that Linfield people are against the idea as a whole.

Just because a man like Mr. Brownback, who has no children to educate, and who must save the few dollars in taxes the new school would cost him to have other folks fight over when he is dead, is against the idea of a new school building is no reason to suppose the rest of Linfield's residents are all so shortsighted.

If I said we propose to use Linfield's money to build a school for Limerick. Of

The Worry Clinic

By DR. GEORGE W. CRANE

CARL M. 24, is a third year medical student.

"I wish you'd take Carl in tow" a professor friend of mine urged me over the telephone.

"He is a fine chap. His father is a prominent surgeon. And the boy has done good work for his first two years in medical school."

"Now, however, he has collapsed, scholastically. He sits around becoming. He'll not study. In fact, he's becoming so detached from the world that he must do something quickly or the boy may become a mental case."

"I'm going to recommend to his father that Carl drop his medical studies, but I'd like to have your opinion and also have you talk to the boy immediately."

IT ISN'T infrequent for a professional student to collapse like this, and not from undernourishment or other physical causes.

Many dominant parents become so captivated by the idea of having their son join them so they can add the "S" to the name of the firm or clinic, that they often bulldoze a timid boy into following a career which is distasteful to him.

This is beautifully shown in Carl's case. Carl's mother is a quiet, music-loving woman. But her successful husband dominates her home.

Telephone calls, hospital staff meetings, conventions and consultations, emergency surgery—these keep the household in turmoil.

Everything must be arranged, therefore, around the doctor and his duties. The timid wife has meekly reflected his glory and gained her self-expression at the keyboard of their grand piano.

Since it is difficult for two dominant personalities to monopolize the same stage, we are likely to find the children taking a secondary role whenever either parent is an aggressive, so-getter type of individual. A magnetic parent often means a shy child!

And so it was with Carl. In high school, he was a quiet, shy boy, with a great passion for sketching. His vocational preference lay in the realm of art. In fact, he wanted to attend art school.

But his father was determined that his son should follow in his medical footsteps. Carl admired his father, and wished to avoid offending him. He also appreciated his obligations to his male parent, and naturally wished to make him happy.

Once or twice he and his mother had timidly tried to state their viewpoint, and suggest that Carl's talent lay in the dispoosed such art, but the doctor pooh-poohed such ideas.

However, the deeper Carl got into medicine, the more he longed for art. In this basic conflict, he finally broke down.

course we do. We also propose to use Limerick's money, and Niffer's money, and Fruitville's money, and all the rest of Limerick township's money to build a school which will house Linfield's children as well as the rest of the township's children.

The Linfield people will pay the same mills of tax as the rest of Limerick, and the duellery will pay the rest. Since the people who drink the whiskey live all over the country, as well as in Linfield, I see no reason for anyone to think or say Linfield will pay more than anyone else.

Maybe if Mr. Brownback had gotten his education at a consolidated school he could see how weak his argument against the issue is. A lawyer should be able to see farther than his own pocketbook to work for the common good of our future citizens.

Linfield MRS. S. A.

'Let's All Pull Together'

To the Editor: The people of Limerick township can be thankful that they have a school board which is 100 percent behind our new consolidated school building. We have a good school board because it is interested in the welfare of the children — the men and women of tomorrow.

The majority of the people elected the members of this school board, now why pull against them? We put them there, now we must work with them. You may be surprised to know what they can do if we give them our support.

As for the taxes, where is a borough or township that has taxes as low or lower than ours?

Have the opposing people given any thought to what will be done with our boys and girls if our school board is voted down? Will our school board have to go backward and open our out-dated one-room buildings again? Or, will they have to take a great number of pupils to another school by bus and pay the tuition rates for them?

This may raise your taxes even more than the plan our school board has given us. Our living costs in general have doubled, but how much have our taxes been raised in the past ten years?

Now, folks, let's work together to build up our township with a new school so outsiders will not be condemning it any more as an awful township to live in because of its schools.

Royersford RD 1 AN INTERESTED MOTHER

Argument on 'Con' Side

To the Editor: In answer to Mrs. W. H. ('School Protests Not Surprising,' Readers Say, Oct. 21), we of Linfield regret being called a generation behind. It is Limerick which is behind because its residents let their school board, A. M. Kulp, and Mr. Minnick pull the wool over their eyes. Linfield residents are not so stupid, they can see through the wool.

It is a racket, as Mr. Anderson said. As for Kinsey, it will be this firm that will pay over half of the taxes to build the new school, not to mention other Linfield industries as well as its residents. Why should we pay for the school and then have to send all our children to Limerick when we are larger — large enough to have our own school?

Why not improve, and enlarge, if necessary, our two perfectly good schools? The State says you can't. That's starting a dictatorship, letting the government tell you what you can or can't do. Who's paying for it, us or the State?

Now who is a generation behind? Ask your school board my questions and for the whole truth before you vote.

JOBS UPON A TIME

A career in accounting was nipped in the bud when the boss heard Leonard Warren singing at his work and fired him. When this happened to him, Leonard—a graduate of Columbia university—decided to make music more than a hobby and applied for a position in the gleeful Radio City Music Hall. His first employer advised Leonard to try for more important work. Leonard nerved himself to ask to sing a solo at the Music Hall, but was denied, so he asked for an audition at the Metropolitan Opera company. He was accepted and was asked to make his debut in January, 1939, on Friday, the 13th. Now he is starred in 22 operas at the Met, and many other opera companies, sings on many important radio programs, and makes many recordings.

Paul W. Litchfield, American rubber tycoon and developer of lighter-than-air craft, started his business career as a nine-dollars-a-week engineer, and now is president of the largest rubber company in the world. When Litchfield was graduated from Massachusetts Institute of Technology he joined a bicycle tire factory at Reading, Mass.; then he was offered a job as superintendent of a rubber company in Akron. There he established a development department. His interest in lighter-than-air craft began in 1911 when the giant naval air ships Akron and Macon, were constructed under his direction. Litchfield lives in Akron, O., and has two married daughters.

Operation in such cases usually means the removal of the gall bladder. If, however, the inflammation should be severe enough to have damaged the tissues greatly, it may not be possible to remove the gall bladder successfully. In these cases it is drained. If stones are present, they are of course removed. In these latter cases often seem to recover quickly, and in only about one out of three is another operation necessary later on to remove the gall bladder. However, this operation should not be undertaken for at least six months unless the patient develops severe gall bladder attacks in the meantime.

In those instances of acute gall bladder infection in which jaundice is present, the jaundice may be due to a stone in the common bile duct which leads from the liver to the small bowel.

The jaundice may also be due to liver inflammation, and in such cases it will clear up after removal of the infected gall bladder.

Of course, in all gall bladder operations, the common bile duct is examined to make sure that no stones are present.

Readers Say: 'Pros' and 'Cons' on School

Linfield Pays Its Way
To the Editor: To Mrs. W. H. ("School Protesters Not Surprised," Readers Say, Oct. 21), of the well-advanced, prosperous community of Linfield.

True, Kinsey did put Linfield on the map. But Kinsey also pays a good deal of the Linfield township school taxes for which it receives very little.

Linfield is a whistle stop, but Linfield is proud of the railroad property through the community from which the Linfield township receives school taxes which benefit all the children of the township. As for the barrooms, they also pay their share of school taxes.

Yes, Mrs. W. H., we need a new schoolhouse, out lets build the right schoolhouse at the right time and right place.

Mrs. W. H., I think you did a grave injustice to yourself and the community of Linfield by slandering your neighboring community of Linfield, which is far more advanced and contributes far more to the benefit of the township.

I could understand Linfield, but I could not understand the Linfield who I know and who live in Linfield tell me this is no way of settling a decision in regard to the education of the children in my neighborhood.

From a hillbilly in Linfield who lived 14 contented years in the community and who signs his full name and address:

Linfield WILLIAM H. MARSHALL

Who's a Hillbilly?
To the Editor: In reply to Mrs. W. H. ("School Protesters Not Surprised," Readers Say, Oct. 21).

You have a lot of nerve to call anyone a hillbilly. Coming from anyone in Linfield, it sounds cute. I don't know who you are, out of the way you talk, you and your husband must have an order in for a new tractor.

Talk about whistle stops! You can be dead in Linfield a week before anyone knows about it.

As for a new school, with the taxes we get from Linfield we can't even build a new one-room schoolhouse. Or is your husband one of those broken-down politicians who is after a few easy dollars?

If Linfield goes into a borough, you high-classed hillbillies will have

to give Linfield back to the Indians. What do you have in Linfield? A grocery mill, and a feed mill which is open two days a week. Well, Mrs. W. H., I guess the next time you will get out of Linfield as when the farmers have their annual picnic.

Don't get personal about our taprooms. We go in the front door, instead of sneaking in the back door.

So, Mrs. W. H., I hope you have a good crop of wheat this year, so you can pay for that new schoolhouse. You're going to need it.

Linfield LEWIS EDWIN STEFFY

No Hillbillies or Whistle Stops
To the Editor: In reply to Mrs. W. H. ("School Protesters Not Surprised," Readers Say, Oct. 21).

True, Linfield is just a whistle stop, which is more than can be said for Linfield. As for not being on the map because of Kinsey, can Linfield boast of anything at all? No, not even a couple of barrooms.

But, lady, for calling Linfield people hillbillies, for slandering your neighboring community of Linfield, which is far more advanced and contributes far more to the benefit of the township.

I could understand Linfield, but I could not understand the Linfield who I know and who live in Linfield tell me this is no way of settling a decision in regard to the education of the children in my neighborhood.

Lutherans Are Told To Work for Church, Not Only Parishes

Workers of 17 Lutheran churches in the Pottstown area last night were told to consider the work of the entire Church rather than their individual parishes.

The meeting was the annual district conference of Sunday school, Young People's, Men's division and Women's division workers. It was held in Emmanuel Lutheran church.

The conference was sponsored by the officers of the Lutheran Ministerium of Pennsylvania, who officiated at four separate sessions, one for each group, held during the evening session.

The Rev. Theodore L. Fischer, pastor of Transfiguration Lutheran church, opened the meeting with devotions, after which his father, Dr. Emil E. Fischer, Philadelphia, president of the ministerium, gave the opening address.

Leader of the Women's division talks was the Rev. Roy L. Winters, Roversford, superintendent of the Ministerium's board of home missions.

Closing devotions were led by the Rev. Luther A. Krouse, pastor of the host church.

parents, Mr. and Mrs. William Hamilton, of Malvern.

IN THE FIRST of two minor accidents in Pottstown last night, the cars of two Boyertown RD 2 men collided on State street near Reynolds avenue at 6:00 o'clock.

John E. Boalton said he was going south on State street and was sideswiped by a northbound car driven by Ernest Ruppert.

Both fenders and the side of Boalton's car were damaged, as was the front left fender of the other auto. Sgt. Daniel J. Linton investigated.

Carl Hilborn, of 30 Sanitary row, Linfield, and Gladys E. Dames, of 329 Chestnut street, told police at borough hall that their cars collided at Beech and Charlotte streets at 8:20 o'clock.

Hilborn was driving west on Beech street, when the other auto pulled from the curb and struck his car on the right front fender. Damage was not extensive.

**Man, 93, Pedals Into L. A.
On Bicycle From Georgia**

LOS ANGELES, Oct. 22 (AP) — A bewhiskered mite of a man who gave his name as George L. (Dad) Howe and his age as 93, pedaled into Los Angeles today on a surprisingly snappy and well-kept bicycle and announced he had pumped his way from Savannah, Ga.

"I've pedaled 2837 miles since July 16, with only two short lifts in the desert, but I wouldn't do it again for all the bikes in the world," he told a policeman.

"Where's the U. N. hotel?" as asked the officer. "I stayed there in 1903, when I was an engineer on the Santa Fe." The hotel, he was told, bowed to progress a few years back.

The old man then went to look for the agent of a bicycle engine company which he said offered him a motor for his bike if he got here by Oct. 16.

Thomas commented at the time of Campbell's announcement that he "refused to be intimidated."

THE REPUBLICAN committee chairman has been pressing the attorney general to institute criminal action against a number of persons involved in his committee's investigation of alleged espionage.

Clark has stated that the department had previously investigated these cases and had not found sufficient evidence to warrant prosecution.

The officials who "old of the presentation of the Thomas case to the grand jury today said that some of the witnesses heard included members of Thomas' office staff.

After Campbell's opening statement to the jury, the officials said, the matter was left in the hands of U. S. District Attorney George Morris Fay for further hearing next week.

In addition to Daly, committee members included Adam E. Davidheiser and J. Max Cronwell.

Others were Borough Manager Dow I. Sears, Burgess Griffith and Assistant Borough Solicitor L. Stanley Maurer.

Daly, when the session opened, designated it as an informal gathering to hear suggestions, rather than a meeting, since three of the six councilmen on the committee were unable to attend.

SKIPPACK FIRE — (Continued From Page One)

yesterday morning the flames broke out.

Firemen from Lansdale, Center Square, Harleysville, Skippack and West Point used booster streams on the fire and also formed a bucket brigade in a futile attempt to save the building from complete destruction.

The source of water for the hoses was a well on the property of John Skonko, across a hill, several hundred yards away. Firemen also filled their buckets with water from a well at Cuff's house nearby.

THE SMALL chicken-shed near the barn was destroyed and a small portion of the roof on Cuff's house caught fire briefly. Firemen were able to ward off further damage to the house, however.

The owner, who returned late yesterday afternoon to find his barn ruined, said it was covered only partially by insurance.

He had no insurance at all on the crop, he added.

Some equipment was saved by the two young helpers on the farm. This included a garden tractor and an orchard sprayer.

Cuff's neighbors offered shelter for the livestock until he could arrange to quarter them in other buildings on his farm.

The barn was approximately 30 years old. Cuff declared. A contractor, he has lived on the Skippack place five years.

Mission Sunday, October 24th At Call of His Holiness, Pope Pius XII Will Be Observed Throughout the Catholic World

Mission Sunday Is an Annual Observance of the Faithful of the Catholic Church, to Support in Prayer and Alms the Missionary Priests, Sisters and Brothers in the Home Missions in the United States and the Foreign Missions in the Near East and the Far East.

Pope Pius XII Letter Emphasizes Importance of The Observance of Mission Day . . .

In Our paternal solicitude for the extension of the Church, We invite the faithful on Mission Sunday to Join with Us in prayer to the Lord of the harvest that He may send laborers into His harvest: We invite them toarken to the invitation of the Divine Missioner, "Lift up your eyes and see the countries for they are white already to the harvest", confident that the prayerful contemplation of these words of Our Saviour will lead them to a deeper realization of their obligation of working hard and constantly for the spreading of Christ's Kingdom on earth, and will give them a more personal sense of their solidarity with those brave sons and daughters of the Church who have become exiles for the preaching of the Gospel. It is to the missionary spirit that is born of the prayerful celebration of Mission Sunday that We look for the readiness to make those sacrifices for which the immensity of the missionary problem calls. That solidarity in prayer and sacrifice for the Missions can best be achieved through the active membership of every Catholic in the Propagation of the Faith Society which is the chief channel of the Church's missionary aid. With the ardent hope that the annual recurrence of Mission Sunday will concentrate Catholic interest on the vastness of the missionary task confronting the Church and bring about a further expansion of the Pontifical Work for the Propagation of the Faith amongst Our beloved children of the United States, We cordially impart to the Directors, Cooperators, members and benefactors of the Society Our Paternal Apostolic Benediction.

From Castel Gandolfo, September 15, 1948.

Upper Pottsgrove Auxiliary Campaigns For New Members to Help Build Fire Hall

Telephones in Upper Pottsgrove are exceptionally busy these days as the charter members of the newly-formed Ladies auxiliary of the Upper Pottsgrove Township Fire company telephone neighbor after neighbor to ask them to become a member and to explain the "cause" for which the group are working.

Upper Pottsgrove township previously had had no organization of any type except the school. For many years residents of the district have wished for a Parent Teacher association. Some other group enterprise wherein they could get together and plan for the betterment of the community.

A few weeks ago the fire company was formed, and the wives decided immediately to band together and to help with the many enterprises which will be needed to construct the building to house the fire equipment.

THEY ALSO hope to include a badly-needed recreation room in the building. The site has already been donated to the group by Mr. and Mrs. Collier Rhoads, township residents.

At the first meeting of the auxiliary, Mrs. Evelyn Rhoads was elected president; Mrs. Gloria Overholzer, vice president; Mrs. Phyllis Yeager, secretary, and Mrs. Elva Wilhelm, treasurer.

The third Monday of each month was selected as the meeting night for the group with all meetings to be held in the school. A motion was passed that the auxiliary accept anyone as a member, regardless as to where their residence might be.

Louis Talks With Dewey, Is Advised to Quit Ring

NEW YORK, Oct. 22 (P) — Joe Louis, world's heavyweight champion, said tonight he is supporting Gov. Thomas E. Dewey for the presidency.

Louis, who backed Dewey in 1944, went to the train to see Dewey off for Albany.

The heavyweight champion told newsmen he was just a reporter himself and had come to ask Dewey some questions. Louis said he is writing a sports column for a New York paper, the New York Age.

Dewey and Louis chatted about the New York Governor's burrhead, which has made Dewey's right shoulder sore.

Louis told reporters Dewey told him "I don't want you to fight any more."

Wheelbarrow load of dead rats

Imagine—a wheelbarrow load! That's what a farmer picked up after he'd baited the premises with Anturat, the new, modern Dr. Hess rat killer.

Anturat is made especially for farm use. Its killing agent is antu whose unusual properties as a rat killer were discovered during the war. Anturat is less toxic to livestock and poultry than most commonly used rat poisons.

Anturat can be used either as a baiting poison or a tracking poison. To use it as a tracking poison, you just sprinkle it in rat holes and runs.

The rats pick up Anturat on their feet. They lick their feet and get a killing dose of the poison.

It costs \$2 a year to keep a rat. Rats spread disease and filth. Kill them with Anturat. Get the 8-oz. farm-size package.

1 GALLON FEED FOR 2 GALLONS MILK

FOLLOW PURINA'S New Easy Plan FOR MORE MILK from LESS FEED

Every day you "swap" cow feed for milk. And you know best that the value of any feed is determined by the amount of milk it will make your cows produce.

And that's why Purina Cow Chow stands out as a good buy... for on the Purina Plan one gallon of Cow Chow ration—with good roughage—will make about 2 gallons of milk.

Figure it out... that's about 75c worth of milk from about 20c worth of grain feed: proof that Purina Cow Chow offers you top profit opportunities.

Compare your present feed to a Cow Chow ration for results. Perhaps you, too, should "swap."

ASK HOW TO GET A PURINA Feed Right MEASURE

1 GALLON FEED FOR 2 GALLONS MILK

FOLLOW PURINA'S New Easy Plan FOR MORE MILK from LESS FEED

Every day you "swap" cow feed for milk. And you know best that the value of any feed is determined by the amount of milk it will make your cows produce.

And that's why Purina Cow Chow stands out as a good buy... for on the Purina Plan one gallon of Cow Chow ration—with good roughage—will make about 2 gallons of milk.

Figure it out... that's about 75c worth of milk from about 20c worth of grain feed: proof that Purina Cow Chow offers you top profit opportunities.

Compare your present feed to a Cow Chow ration for results. Perhaps you, too, should "swap."

ASK HOW TO GET A PURINA Feed Right MEASURE

A handy measure to help you feed your cows the right amount. Come in... let us tell you more about Cow Chow—and supply you with a "Feed Right" Measure.

Fighting in Southern Palestine Ends

Both Sides Obey U. N. Command For Cease-Fire

NIRAM, Palestine, Oct. 22 (AP)—The Negev sands were peaceful tonight after a week of some of the bloodiest fighting in Palestine's war.

Israel ordered its troops to stop firing at 3 p. m. (7 a. m. Pottstown time), the hour set by the acting U. N. mediator, and tonight United Nations officers reported:

"All is quiet. The truce is working."

The U. N. teams were touring the whole of Southern Palestine in white jeeps under white flags.

In Cairo the Egyptian government informed the U. N. it also had ordered a cease fire at the hour set by Dr. Ralph Bunche, acting U. N. mediator.

(Cairo reported anti-aircraft fire and a two hour air raid alarm Friday night, however, Jewish-held Haifa also reported an air-raid alarm at 6 p. m. and the sound of explosions.)

HAIFA DISPATCHES said U. N. truce headquarters announced negotiations would begin at once to implement the Security Council's resolution for withdrawal of both sides to the lines held on Oct. 14 when the fighting broke out.

Here in this tiny Jewish colony just seven miles northeast of the Egyptian base of Gaza, Jews are hunkering their weapons and preparing for the possibility that fighting may start again.

Egyptian forces, driven from here, lashed at Niram with artillery until a few minutes before 3 p. m., the hour of the cease-fire order, then went silent.

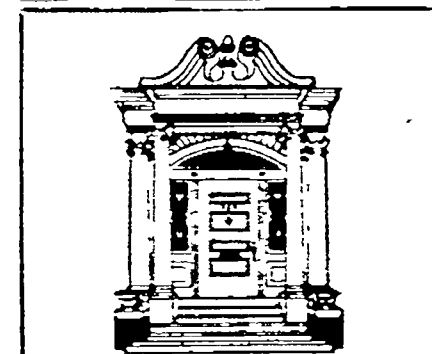

Last to die in defense of the settlement was a young Jewish soldier killed by a shell fragment 12 minutes before the deadline.

Ten Nazis Hanged As War Criminals

MUNICH, Germany, Oct. 22 (AP)—Ten Germans were hanged as war criminals today in the prison where Hitler wrote "Mein Kampf." Landsberg prison officials said the ten were "fairly calm" as they went to their deaths.

All were convicted in an American war crimes court of charges of killing unarmed American fliers, or torturing concentration camp inmates.

The group included Alex Plorkowski, 44, a former pencil salesman who became a lieutenant colonel in the elite guard and commanded the Dachau concentration camp. He was convicted of supervising "beatings, tortures, starvation, abuses and indignities of all kinds resulting in the death of many inmates."

Brother Hints Murder in Death Of Sister in Bath Tub With Lover

CHICAGO, Oct. 22 (AP)—The brother of an attractive brunette, whose body was found clamped in the arms of her lover in an overflowing bathtub, said today, he believed his sister was murdered by the dead man.

The testimony was given by Stanley R. Shook, 30, Waukegan, Ill., mechanic, at a coroner's jury inquest into the deaths of Mrs. Jessie Beck, 31, Chicago mother of two children, and George Reading, 40, Detroit precision machinery salesman.

Their nude bodies were found yesterday in the bathroom of Reading's suite in the Croydon hotel—24 hours before Mrs. Beck was to obtain an uncontested divorce. Her attorney, Clarence C. Rhoads, said Mrs. Beck and Reading had planned to be married immediately after the divorce.

FOUND NEAR THEIR bodies was a note signed "Jessie and George" and stating: "May God forgive us. . . to our friends our love."

These were the high spots at the inquest today.

Shook said his sister told her mother recently that Reading had "threatened" her. He said he believed his sister had tried to break off her friendship with him.

Mrs. Marie Reading of suburban Evanston testified she was "supposed" to be Reading's wife. She said, "I heard once that he got a Mexican divorce but I never was notified about it."

Both Shook and Mrs. Reading testified the suicide note was in Reading's handwriting.

Mrs. Beck's husband, Clarence, Dayton O. shoe salesman, said in an interview that he did not believe his wife died in a suicide pact.

Beck said he learned that his wife telephoned their daughter, Barbara, a few hours before her death, and said: "Honey, I'll be out Sunday." The girl is in a foster home.

"That is further proof she did not intend to take her life," Beck said.

Contempt Cases Sought Against CIO Officials

SAN FRANCISCO, Oct. 22 (AP)—Rep. Charles J. Kersten (R-Wis.) said today he would ask CIO officials Hugh Bryson and David Jenkins be cited for contempt of Congress.

Kersten is head of a Congressional subcommittee which conducted a hearing today on alleged Communist activities in the West Coast maritime strike.

Bryson is head of the striking CIO Cooks and Stewards' union. Jenkins is director of the CIO California Labor school.

Both testified at the hearing but refused to state whether they had been or are Communists.

Kersten adjourned the hearing for six weeks. He said he and his committee would return to Washington and when the full committee on labor convenes early next month he would ask it to cite the two men for contempt.

If Congress is not in session then he said, the speaker of the House could ask the Justice department to prosecute the cases.

Red-Dominated Berlin Government Hails Completion of Constitution

BERLIN, Oct. 22 (AP)—The "German Peoples council" today debated with fanfare the final draft of a Communist constitution "for all Germany."

But the council spent most of the first day's session attacking the constitution now being written at Bonn for the three Western zones of Germany.

Otto Grotewohl co-chairman of the Soviet-sponsored Social Unity party (SED), charged that the Bonn constitution is designed by the United States, Britain and France "only to split Germany." He said the people's council "is the only real representative of the German people and its constitution will be the only one under which they can unite."

WITH NO APPARENT chance now of the three Western zones joining the self-styled all-German government, the Communists are expected to put their constitution into effect soon in the Eastern zone of Germany. Apparently patterned after the other so-called peoples' democracies of Eastern Europe, it could prove to be the basis of a permanent East German state unless some agreement is reached to re-unite the whole German nation.

In drafting the rival constitutions, the Communists here and the anti-Communists in Bonn met under the same flag—the black, gold and red of the pre-Hitler Weimar republic.

The Communists called the state which their constitution provides a "German democratic republic." The American military government warned, however, that it would be a democracy in name only "like those which today oppress the unfortunate peoples of Eastern Europe."

"The real interest of Germany—and of the world—is centered on Bonn," a military government spokesman said in a broadcast because "the document being worked out there will without doubt be the basis for the German constitution which will some day guarantee the unity."

Truman, Dewey Plan Speeches In Large Cities

By The Associated Press
Governor Dewey and President Truman both aimed their sights today (Saturday) at big city voters in the East and Mid West during the wind-up week of the presidential campaign.

Their schedules for the remaining days until Nov. 2 showed that both the Republican and Democratic presidential candidates will visit Cleveland, Chicago, New York and Boston. There'll be other appearances for both, too.

Dewey, whose aides say they are supremely confident, had a word of advice for GOP party workers yesterday. He told a meeting of several hundred of them in New York:

"I urge all of you not to respond in kind under any circumstances, whatever the provocation."

Dewey headed back to Albany today to begin work on his four remaining major speeches. He will leave there Monday midnight for Chicago.

President Truman, who says the pollsters who pick Dewey to win are in for a big surprise, charted a course through Pennsylvania today as a semi-windup to his campaign.

Loyal Troops Recapture Suncheon in Pursuit Of Fleeing Rebel Units

SEOUL, Korea, Saturday, Oct. 23 (AP)—Loyal troops have taken Suncheon from insurgents who revolted in the U. S. occupation sector three days ago, the South Korean army announced today.

The communiqué, issued through U. S. Army headquarters, said the town near the south central coast was recaptured at 6:40 p. m. yesterday. Suncheon is 135 miles south of Seoul.

The announcement said there was no late word on the situation southwest of Suncheon which includes the Yosu peninsula where the Korean army uprising began.

A South Korean army spokesman said tonight he could not get confirmation of a report that loyal troops had recaptured Yosu from a rebel band.

U. S. ARMY headquarters had relayed accounts from Korean sources that Yosu was recaptured with almost no opposition and that there was fighting inside and around Suncheon, 20 miles northwest.

Korean liaison pilots, however, said they could see no major conflict around Suncheon, and the spokesman could only reiterate confidence that the rebellion soon would be stamped out.

Yosu, a south coast seaport 155 miles from Seoul, has 20,000 population. South Korean government officials said a pro-Communist revolt started in the army garrison there Wednesday morning and spread to Suncheon.

3 Types of Jet Fighters Offered For Defense of American Nations

WASHINGTON, Oct. 22 (AP)—U. S. military aircraft including some of the latest and fastest postwar models, will be offered for sale to other American republics for purposes of hemispheric defense. The Air Force announced the offer today.

The plans are the F80 Lockhead Shooting Star, F84 Republic Thunderjet, F82 North American Twin Mustang, and the troop-carrying C82 Fairchild Packet.

Born the F80 and F84 are rated in the 600 MPH class.

Officials emphasized that while these are the "fastest U. S. planes in service, much better aircraft are in the works." For example, they noted that the North American F86 has a speed of more than 670 MPH fully loaded with ammunition and guns.

One official said it is a matter of high-level defense policy for the Western hemisphere.

All four types have been put into service since V-J Day and are the newest models in actual operation.

The speedy F80 and F84 are both jet fighters. The F82 is an extremely long range twin-engine fighter and has flown non-stop from Honolulu to New York.

THE RELEASE of the planes is by no means a "blanket offer," officials said.

THE REMAINDER of the Wildcat team is in good physical condition and Paolantonio said the other 10 positions on the team will be filled by the same boys who started the previous games.

Wildcat followers are hoping the Norco eleven will be on the rebound today after losing their last two games.

Wyomissing comes to Norco today with a team that gave Boyertown High a lot of trouble before going down to a 13-7 defeat a week ago. Boyertown defeated Norco, 10-0.

Spring City Invades Marple-Newtown Today

Spring City High's Pirates invade Marple-Newtown this afternoon hoping to get back on the winning side of the fence after dropping a 19-13 tussle to Neher-Providence a week ago.

When the Pirates entertained Marple-Newtown at Spring City a year ago, Coach Gene Groff's proteges emerged victorious by a 20-0 score.

Groff said last night that his starting lineup for today's tussle will include: Rosen and Mull at ends; Hurlock and Remmuth at tackles; Gumma and Miller at guards; E. Davis at center; Stauffer at quarterback; Renssler and Carl at halfbacks, and Dell at fullback.

Unbeaten Eagles Travel to Meet Schwenkville Foe

Followers of Twin-Borough high school football eleven will doubtless focus their attention on the score of this afternoon's tussle between Royersford high and Schwenkville.

The score may provide the rosters with some "dope" on the comparative strength of Royersford and Spring City, who will clash Thanksgiving day morning at Spring City. Spring City had defeated Schwenkville by a 33 to 0 score in the opening game of the season.

In good condition following the last Saturday at Collegeville the past Saturday, the Forders are expected to line up with the same starters: Freed and Landes, ends; Neubert and Wolfe, tackles; Kline and Kulp, guards; Grater or Dinnoventi, left half; Keiter, right half, and Schnell, fullback.

Bears Seek 3d Win In Berks Conference

Boyertown's Bears will try to improve their hold on first place in the Berks Scholastic Football conference this afternoon when they travel to West Lawn to face Wilson High school.

The Bears have won their first two league tussles and will be shooting for their third consecutive triumph this afternoon. Today's game will start at 2:15 o'clock.

Coach Bob Fleming announced yesterday that his starting lineup for today's game will include: Kulp and Soloka at ends; E. Johnson and Garber at tackles; Erb and Herman at guards; Swinehart at center; Mackey at quarterback; Ludy and Miller at halfbacks and H. K. Johnson at fullback.

POTTSTONIANS SEEK 4TH WIN OF '48 SEASON

Green Replaces Peroni
In Trojan Lineup; Howard
Returns to Action Today

The Trojans of Pottstown High embark on their second road trip of the season this afternoon, traveling to West Chester to take on the unbeaten Warriors.

The kickoff of today's grid fray is scheduled for 2:15 o'clock on the West Chester High athletic field.

Pottstown hasn't won an athletic contest from the Warriors since the 1947-48 basketball season and will be shooting the works to break that "jinx" this afternoon. Since that time the West Chester school has beaten the Trojans six consecutive times, four in baseball, twice in basketball and once in track and football.

With Pottstown on the rebound after the past week's loss to Phoenixville and West Chester out to cop its sixth straight victory, this grid fray looks to be the No. 1 tussle on today's schoolboy schedule.

POTTSTOWN and West Chester went through light workouts last night and coaches ended practice earlier than usual. Pottstown has been busy all week practicing its defense for West Chester's strong passing attack. West Chester has been working on a defense to stop the Trojans' strong running offense.

After last night's final workout on Franklin Field, Coach Herb Meyers announced that Sam Green will replace Pete Peroni at fullback in the Pottstown lineup for today's game. Peroni was injured slightly against Phoenixville the past week and will not see action this afternoon.

Meyers said that will be the only change in the Pottstown lineup today. Melvin "Tote" Howard has recovered from his hip injury but Bob Stouch will start in the left half-back position. Howard will definitely see action today.

COACH ELMER Haupt, of West Chester, said he will use the same lineup that started the Downingtown tussle the past Saturday against the Trojans this afternoon.

The Warriors will enter today's tussle slightly favored over the Trojans because of their impressive record of five straight wins. The Chester countians also are favored because of their 13-6 conquest of Phoenixville, who defeated the Trojans, 13-7.

West Chester has defeated Collegeville, Woodbury, Phoenixville, P. S. DuPont and Downingtown, while Pottstown has defeated Upper Merion, Bristol, Norristown and lost to Phoenixville.

Bulldogs Look For First Win At Home Today

Pennsburg and Collegeville, two Upper Montco league teams who have yet to win a ball game this year, get together on the gridiron this afternoon at Pottstown in a battle for the cellar.

Pennsburg has lost three games thus far this year, two of them to Upper Montco league opponents. West Pottsgrove chalked up its first win at the expense of the Bulldogs a week ago.

Collegeville has also lost three games this year and their record is not too impressive. In three games, the Colonels have failed to score one point while the opposition has rolled up a total of 121 points.

Pennsburg will be playing today's tussle without its regular quarterback, Eddie Niezney. Niezney was injured two weeks ago and will see this one out. Coach Lou Perry said he will return to the lineup against East Greenville next week. The Bulldogs' most important game of the year.

Army-Navy Tickets Scarce Despite Boost in Prices

ANNAPOLIS Md., Oct. 22 (AP)—Prices for tickets to the Army-Navy football game in Philadelphia Nov. 27 were hiked \$1 this year, but neither Army nor Navy is worried about "spectator resistance."

Unless you're an alumnus or "know somebody," you couldn't buy one of the 86 ducats anyway. Application forms weren't even sent out to anyone except undergraduates and members of the Academy Athletic association.

The Naval academy, in a pre-season notice to regular ticket subscribers outside the athletic association, said "We regret that the physical limitations in the size of the stadium prevent us from accommodating requests from all interested parties for this game."

The Philadelphia Municipal stadium seats 102,000 with temporary tiers.

Twin-Boro Meets Paulsboro Tomorrow

Twin-Boro AA gridder, who suffered their first defeat a week ago, will strive to return to the win column tomorrow afternoon when they take on the Paulsboro club, one of the strongest aggregations in southern New Jersey. The game will be played at Lake View park, Royersford, beginning at 2:30 o'clock.

GOLDEN CUBS DROP 7-6 TILT TO RITTENHOUSE

Pottstown Touchdown
Late in Fourth Period
Nullified by Penalty

The Golden Cubs of Pottstown Junior High went down to their third defeat of the season yesterday afternoon as Rittenhouse Junior High of Norristown eked out a 7-6 triumph at Norristown.

The Golden Cubs scored what would have been the winning touchdown late in the fourth period, but a penalty nullified the score pushed the Trojans back. Rittenhouse then held for downs and took over just before the game ended.

The home team scored first, tallying its only touchdown early in the first period when John Butler bucked away over to climb a 45-yard drive to paydirt. Butler bulled his way over for the extra point.

Pottstown didn't tab its touchdown until the third quarter. The Cubs started from their own 30-yard line and marched to the Rittenhouse 35 from where Stan Chaplin circled the left end and went all the way to score. Chaplin's attempted placement kick for the extra point was no good.

With three minutes remaining in the game, Pottstown launched a drive from the Rittenhouse 45-yard stripe to score. Dave Ricketts scored on a quarterback sneak from the one-yard line, but the referees nullified the touchdown on a penalty. The head linesman claimed the Pottstown line was not stationary for one second.

The defeat was the third of the year for the Cubs. Phoenixville and Coatesville handed Pottstown two setbacks early in the season before the Cubs chalked up their first win at the expense of Downingtown a week ago on Franklin Field.

Coach Gene Kauler's charges will seek their second win of the year next week against Bridgeport Junior High on Franklin Field.

Maria Assunta Club Seeks 5th Straight Win Tomorrow

Assistant Coach Nick Cimino announced three changes in the Maria Assunta AC lineup for tomorrow's tussle with Pelter AC of Philadelphia on the West Pottsgrove High field. The game is scheduled to get underway at 2:15 o'clock.

Cimino, handling the team in the absence of Head Coach Earl Strange, said last night that Frank Wojton, Richard Cimino and John Henry will be newcomers in the lineup tomorrow replacing injured regulars.

Wojton will start at right tackle in place of the injured "Bearcat" Smith and Cimino will replace the injured John Panoc. Henry will get his first starting assignment at quarterback tomorrow, filling in for the injured Guy Sperat.

CIMINO also said that Bob Nimmacher and Dick Scherer will return to action after a one week's absence.

The Maria Assunta eleven will be seeking its fifth consecutive victory at home tomorrow, having won four of its first five games this year. The loss came in the very first game and four straight triumphs followed.

The Maria Assunta team selected Paul Olcott and Steve Sikora as co-captains for tomorrow's game at a special meeting last night after practice.

East Greenville Set For Falcon Invasion

Pointing for an undefeated season, East Greenville High goes after its sixth consecutive victory this afternoon against the once-victorious Falcons of West Pottsgrove at East Greenville. The kickoff of this Upper Montco league tussle is scheduled for 2:15 o'clock.

The Greenies are currently sharing first place in the league standings with the defending champions of Royersford, but a West Pottsgrove victory would elevate the Falcons to first place and would drop the Greenies down one notch.

West Pottsgrove has been waiting for this game. This is the one the Falcons want to win. Coach Bill Goben said yesterday that his entire team is in good condition for today's game. Today will be the first time the Falcons will be able to use its entire team since the first game. Every week saw at least one of the Falcons regulars sitting on the bench with an injury.

The Falcons' chances of upsetting the Greenies became brighter when Goben announced that the regular backfield of Steve Sabo, Joe Dori, Joe Giori and Bill Wilkinson is ready to go after nursing injuries for the past few weeks.

THE GREENIES, however, will not be laying down on the job today. Coach Dave Pritchard's crew also wants to win this game, for a victory today would keep the Greenies' undefeated record intact.

Pritchard said last night that he would not make any changes in his starting lineup for the Falcon fray today. Rich Ziegler, Bob Bieler, Don Schworer and Art DeLong will make up the East Greenville backfield at starting time this afternoon.

The Falcons won their first game of the season from Pennsburg the past week after three straight losses. West Reading, Spring City and Marple-Newton have defeated the Falcons.

Probable starting lineups:

THE RAMS scored their winning touchdown just three plays after East Stroudsburg knotted the score at seven-all in the third period. It was a 60-yard run by sophomore back Norman Waldman that set up the second Rams' touchdown. Punching through center, Waldman rambled from his own 36 to the Mountaineers' four before being brought down. After a 15-yard penalty set them back to the 11, Leroy (Buck) Jones passed to Charles Leonard for the game-winning counter.

Eagles Owner Ends Efforts to Stop War Between Pro Football Loops

NEW YORK, Oct. 22 (AP)—Alex Thompson, the young sportsman who owns the Philadelphia Eagles of the National Football league, today declared war to the death on the rival All-America conference.

In a racial about-face after having tried for two years to serve as peacemaker between the rival money circuits, Thompson declared: "Any consultation between the leagues now is impossible. I've made my efforts, and now the hell with it. From now on it's really going to be a battle."

Only the past week the Eagles' owner pleaded in a national magazine article that the two leagues get together on a common draft, halt the ruinous competition for players and quit throwing their money away.

He said he still felt that way about it until the past Monday. He said he had asked all the club presidents of the National league to meet with their opposite numbers of the All-America conference on Tuesday at his office here and get acquainted.

"I JUST ABOUT had it fixed,"

5 Americans Move Ahead in Mexico Golf.

MEXICO CITY, Oct. 22 (AP)—Frank Stranahan of Toledo, Ohio, the British Amateur titleholder, led five United States players today into the quarter finals of the Mexican Amateur Golf championship.

Two Mexicans and a Guatemalan representative completed the bracket.

Stranahan, who won the Mexican title in 1946 and the low medal yesterday, eliminated two Mexicans—Armando Davila, 5 and 4, and Armando Rivero, 7 and 6.

Other U. S. survivors were Edward Kringle, Great Neck, N. Y.; Bobby Riegel, Houston, Tex.; Chuck Kocis, Detroit, Mich.; and Larry Danna Jr., Brannock, Pa.

IT WAS RECALLED that Giant officials did a slow burn at Topping's statement sneering that "Dan's snouting our books again," and asserted that they would lose nowhere near that amount, if anything.

Stranahan, who won the Mexican title in 1946 and the low medal yesterday, eliminated two Mexicans—Armando Davila, 5 and 4, and Armando Rivero, 7 and 6.

Other U. S. survivors were Edward Kringle, Great Neck, N. Y.; Bobby Riegel, Houston, Tex.; Chuck Kocis, Detroit, Mich.; and Larry Danna Jr., Brannock, Pa.

IT WAS RECALLED that Giant officials did a slow burn at Topping's statement sneering that "Dan's snouting our books again," and asserted that they would lose nowhere near that amount, if anything.

Hill Gridders Play Host to Mercersburg

Coach Jack Riley announced three changes in his starting lineup last night on the eve of The Hill's football game with Mercersburg academy. Riley's charges play host to Mercersburg this afternoon at 2 o'clock on Del. field.

Two of Riley's changes were made in the backfield after Fred Soagone, regular quarterback, suffered a green ankle. Lamar P. Riley's regular fullback, who moved up to the spot, called upon to replace Soagone and Jack Markle, will take over at fullback.

The other change in The Hill lineup was made at end, Tom Steffens replacing John Frantz. Steffens returns to the lineup after a week's absence because of an injury. Frantz filled in for Steffens against Haverford the past week.

Riley also has starting lineups as follows: Yancey and Steffens at ends, Lett and Hien at tackles, Roe and Horne at guards, Edson at center, Hunt at quarterback, Abbott and Pfeiffer at halfbacks, and Markle at fullback.

Regel, Clifford is Pohl, and Kocis is Dena.

Undefeated Army and Penn State Face Big Tests on Gridiron Today

NEW YORK, Oct. 22 (AP)—Winning the Associated Press ranking of college football season crossing lines and Cornell 12th.

It seems among the nation's top ten which appear to be in any real danger of losing their top status are the college of Eastern power—Army and Penn State.

Michigan, currently rated the best in the land, also faces what might be a tough assignment. But the other seven members of the select circle—Notre Dame, North Carolina, California, Georgia Tech, Pennsylvania, Missouri and Northwestern—figure to win just about as they please.

Army, rated to update New York for the first time in history to take on Cornell in the only game of the day involving two major undefeated and undefeated class. Both have won four straight Army states.

Murphy Bus Line Change Run for Restone Workers

Ten morning bus commuters to the Firestone Tire and Rubber Company plant yesterday were assured of a new schedule which will let them to the plant on time for the 7 a. m. shift.

Heretofore, commuters using the Murphy Bus line's 6 a. m. bus from Bovertown found that they were missing the Pottstown Rapid Transit Company's bus from High and Hanover streets to the plant by a matter of minutes.

Yesterday Leon C. MacMullen, chairman of the Chamber of Commerce's transportation committee, was promised by Walter L. Murphy, head of the Murphy line, that the bus would leave Bovertown in time to catch the plant bus.

Two buses, one scheduled, the other unscheduled, leave Bovertown at 6 a. m., he explained. Allowing the scheduled bus to leave at the same time, the other one will be moved ahead about five or eight minutes to accommodate the workers, he said.

Murphy mentioned that workers of another shift wanted another change, he said. "I'd be delighted to talk to them about it any time," he declared.

Inauertown Man Sues for Fire Insurance

Charles C. Troop, of Knaughtown, yesterday filed suit in the Lancaster county court to recover \$211,765, with interest, from a Lancaster county fire insurance company.

Troop claimed that the Donegal and Conoy Mutual Fire Insurance company, of Martinsburg, Lancaster county, was responsible for that sum in insurance on his barn which was destroyed by fire the past April.

Of the total loss estimated by Troop at \$9000 other amounts were apportioned among other companies, he declared.

The Knaughtown barn was burned completely along with 30 tons of hay and 10 tons of straw the night of April 1. Troop's building faced Route 23, in Knaughtown.
